SUMMARY

Software Engineering Intern with strong foundations in Java and Python and hands-on experience building software and web applications through academic projects and internship work. CGPA: 3.83 with consistent Dean's List recognition. Comfortable with debugging, problem-solving, and learning new technologies, and seeking an internship(co-op) opportunity available during June–August 2026.

WORK EXPERIENCE

Full Stack Web Development Intern, Future Interns - Remote Jan 12, 2026 – Feb 12, 2026

- Completed a task-based full-stack internship delivering three real-world web projects
- Built a personal portfolio website, a Client Lead Management System (Mini CRM), and a local business website
- Worked across front-end, back-end, and database layers to implement functional applications
- Used GitHub-based workflows for version control and submissions

PROJECTS

BookMyEvent – Event Booking Web Application (In Progress)

Developing a full-stack event booking system using Java Spring Boot and MySQL with backend APIs, database integration, and a structured frontend in HTML, CSS, and JavaScript.

Quiz GUI Application

Built a desktop-based quiz application using Java with an interactive GUI, focusing on object-oriented programming, event handling, and debugging logic.

Database Design Project – Car Dealership System

Designed a relational database using ER modeling and normalization, and implemented SQL tables to manage inventory, customers, sales, and transactions.

Front-End Web Projects (PS6 Promotional Website, Formula 1 Team Website)

Developed responsive front-end websites using HTML, CSS, and JavaScript with a focus on UI/UX, layout design, and team collaboration.

SKILLS

Programming: Java, Python

Web: HTML, CSS, JavaScript, React (Beginner)

Backend: SQL, REST APIs (Beginner), Node.js (Beginner), Spring Boot (Beginner)

Tools: Git, GitHub

Soft Skills: Problem Solving, Debugging, Team Collaboration, Leadership, Attention to Detail

EDUCATION

Bachelor of Science in Computing and Information Technology

2024 – 2028

Rochester Institute of Technology (RIT) NY, Dubai Campus

- CGPA: 3.83 / 4.0
- Dean's List: Fall 2024, Spring 2025, Fall 2025

ADDITIONAL INFORMATION

Languages: English, Hindi, Gujarati

Certifications: One Million Prompters (Dubai Future Foundation), AWS Solutions Architecture (Forage)
